FOR THE GROWING BOY

with his need of the most nourishing and body building food, there is nothing better than plenty of our bread. Spread with butter, jelly or jam, it will be as toothsome as it is nourishing and will satisfy any boy, no matter how finical his taste or voracious his appetite. Try it for a few days and note results.

MILLER OF THE '101' RANCH FAME BUYS HIS SECOND CHALMERS

When J. C. Miller, owner of 101 Ranch Wild West show, decides to invest in motor cars he shows no more emotion in the matter than in buying or selling lombrors on his Oklahoma ranch.

Last September, while the 101 show was playing Terre Haute, Ind., Miller walked into the salesroom of Harry Cole, peeled off three \$500 bills from a fat roll and drove away in a new Chalmers Six-40. The sequel to this purchase came while the show was in Detroit the other week.

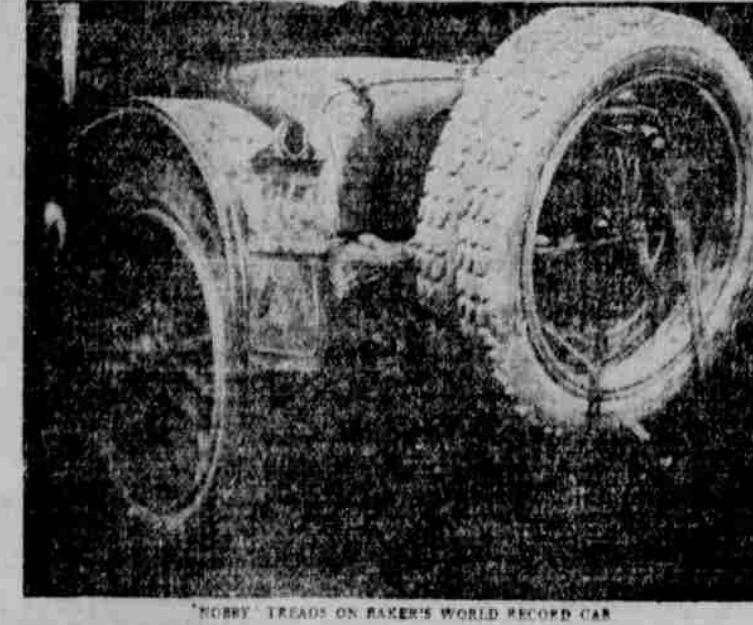

Miller appeared at the Chalmers factory, several blocks from where his tented city lay encamped, again consulted his pocketbook and produced a \$1,000 bill and some odd hundred dollar bills.

"I want the same brand of car I bought last fall," said the weather-beaten but weazing circus proprietor. "This time I want a monogram on the tonneau doors. About six inches high, so do, so the folks can read it from the sidewalk without straining their eyes."

First to test out the riding qualities of the car were Co. W. H. Cody, better known as "Buffalo Bill," who travels with the show, and Chief Wa-na-saga, who is considerably over 100 years of age.

Chief Wa-na-saga's countenance is perhaps the best known of any Indian in America. Before the new "Buffalo" nickel issued by Uncle Sam was sent out from the mints, the

Rear View of "Cannon Ball" Baker's World Record Car

Nobby Treads on Baker's World Record Car

The above picture was strapped just after Baker had arrived in Times Square, New York City, breaking all records for the trans-continental trip from the Pacific to the Atlantic.

The 'Nobby' Tread tires used on the car of which Baker said:

"No other tires would stand the test"—show clearly in the illustration.

As a matter of fact, the terrific real road test that Baker put them to proves the extraordinary durability and anti-skid qualities of these famous tires.

Chief posed for the Indian likeness which decorates the obverse side of the coin. He is thus solidly commenicated in currency for the generations to come.

Real estate problems—purchases, sales or trade—are easily solved by Journal Want Ads. Read them, use them. Do it today.

IMMENSE MILEAGE BY NOBBY TREADS

The remarkable regularity with which letters have been received recently by the United States Tire Company commanding their tires for excess mileage, proves beyond the question of a doubt the truth of Cannon Ball Baker's claim, that no other tires could have stood the severe road conditions to which he subjected them in his remarkable trip across the continent.

A letter recently received from Oklahoma states that a "Nobby" Tread on a second-hand Hispano which had run 6,000 miles when the owner bought it, gave 22,000 miles more service, and that without a puncture.

Another letter says that the chauffeur of the governor of Michigan has run more than 12,000 miles on a set of "Nobys" and feels certain that this set will stand 5,000 more.

"Nobby" Tread Tires are adjusted on basis of 5,000 miles.

GREAT DEMAND FOR SOLID TRUCK TIRES

Mr. C. J. Welch, manager of the Solid Truck Tire Department of the United States Tire company, said recently that its department was simply swamped with orders.

"We don't have to sell truck tires," he said. "My big problem is in filling orders rapidly enough. Our factories are running day and night. Orders are pouring in at us constantly, and I credit it all to the fact that our new Solid tire compound, about which I cannot give details, have combined to make our truck tires render mileage far beyond the ordinary. That everyone who hears of their remarkable services demands United States Truck Tires, and will accept no other."

Nothing To Be Added To The Maxwell

YOU will never want to add anything to your Maxwell. The purchase price includes everything you will ever need or desire for luxurious motoring.

You won't want to disguise the hood or buy a new body or put in another carburetor or ignition system or install electric lights or a self-starter.

You won't want a new radiator or springs or new spark plugs or shock-absorbers or a new top.

You need add nothing for comfort, reliability, beauty, economy or convenience. If it is a Maxwell, your car, your experience and your investment are complete.

That is the way that Maxwells are designed, manufactured and sold.

Question the owners of other motor cars—any other motor cars—and see if they are equally satisfied with their motoring investment.
